The mission of a Toastmasters club is to provide a mutually supportive and positive learning environment in which every individual member has the opportunity to develop oral communication and leadership skills, which in turn foster

self-confidence and personal growth. These are goals which are consistent with the needs of individuals with Asperger's Syndrome, who typically have difficulty with social and communication skills. A side benefit of the club is that participants can have fun and make friends.

About the Orange County Asperger's Support Group
OCASG was founded in October 2003 by parents seeking to provide support for local families and adults dealing with Asperger's Syndrome, High-Functioning Autism, and PDD-NOS. Monthly support group meetings for individuals and family members are held in Newport Beach and Placentia. Monthly social activities such as movie groups encourage social integration. An online discussion board allows members to ask questions and share information.

The Orange County Asperger's Support Group is a nonprofit, tax-exempt 501(c)(3) charitable organization. Visit OCASG online at www.ocaspergers.org or email them at ocasupport@gmail.com.
