Dear Adult Program Vendors and Community Partners,

We are very excited about our annual **La Sierra Adult Transition Program Careers Night and Resource Fair** and are looking forward to hosting many adult service providers and community resources! We hope you will be able to come and share information with our students and families, staff and community members. Our Careers Night and Resource Fair will be held on **Thursday, April 14th from 6:00pm to 7:30pm**, in the **Quad of La Sierra High School. The address is 951 North State College Blvd in Fullerton, 92831.** *We will begin setting up at 5:30.*

Please bring literature or any presentation materials regarding your program for approximately 100 students and families, and plan to host an informational booth to showcase your agencies' services. Audio visual equipment, such as a laptop is encouraged to showcase your program. (Please inform ahead of time if you need to be located near an outlet). If possible, we would also like to hear from consumers who participate in your program if they would like to share their experiences at work or with independent living. We have students who are interested in supported employment, supported living and adult day programs. **If you are interested in presenting information about your program in a breakout session, please let me know so we can schedule accordingly.**

I hope you or a representative from your agency will participate in this exciting event. **Please let me know if we can reserve a booth for your agency.** If you have any questions please call me at (714) 447-5524 or email me at [cdobyns@fjuhsd.org](mailto:cdobyns@fjuhsd.org).

Sincerely,

[Charlotte Dobyns](#)
