

FACT SHEET

Mission Statement

To create a community where athletes with developmental disabilities thrive.

Vision Statement

A world where every athlete, regardless of developmental ability, has a chance to play.

Tag Line

It's more than the score

Who We Serve

We serve athletes with developmental disabilities from 6 to 30 years old. These disabilities primarily include autism spectrum disorders (majority), down syndrome, traumatic brain injury and cerebral palsy in addition to low incidence disabilities (cognitive delay plus vision/hearing impairment). Over 55% of athletes play more than one sport and we are committed to providing financial assistance to up to 15% of registered players.

Locations We Serve

Our programs are located in Mission Viejo, California. Families drive from 45 different cities within three counties to participate.
