

Do you know or work with someone involved in vocational rehabilitation work?

Support the improvement of a vocational assessment tool (VocFit) that helps match job demands to individuals' strengths

Who can participate?

Adults with intellectual disabilities (ID), ages 18-22, who are currently engaged in work activities

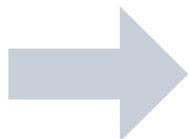

A person who knows them well and has been a part of their life for over 60 days (e.g. teacher, parent, job coach, employer)

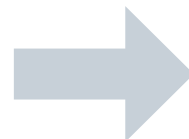

What is the process?

Provide background information on the adult with ID and discuss skills and/or work history

Each interview will take about 2 hours. There will be 4 interviews across 2 years

Each participant will receive \$40 per interview (\$160 in total)
