What is COAST?

COAST stands for Career Options through Academic Support and Training. The COAST Program at Coastline College consists of several different vocational certificate programs. The purpose of the program is to provide job training (in a specific field with demonstrated demand) as well as employability skills training. The COAST Program, at Coastline's Newport Beach campus, was launched in 2018, made possible through the California Adult Education Program Grant. Since 1977, Coastline College, a public community college, has provided hundreds of classes for students with disabilities in its department of Special Programs and Services for the Disabled.

Art Program

Students will learn the basics of two and three-dimensional artistic practices, stagecraft, and gallery exhibition. Classes are held at the Coastline Community College campus in Newport Beach, and utilize the state-of-the-arts lab classrooms and prestigious Coastline Gallery.

SEMESTER 1:

SPED 071N- 2-D Media

This dynamic course is designed for student creatives who want to develop professional two-dimensional artistic vocational skills including the best practices, terms, and techniques necessary for entry-level positions as an artist, studio assistant, gallery or museum guide, guard, cleaner, front desk, archivist, and installer.

SPED C002N- Problem-Solving/Workplace
Introductory course designed to develop basic problem-solving skills required in vocational settings and to develop the resilience and self-confidence skills required to deal effectively with challenges in the workplace. Problem-solving and self-sufficiency skills are developed through group work, self-reflection, and evaluation of scenarios.

SEMESTER 2:

SPED C072N- 3-D Media

This course is designed for student creatives who want to develop professional three-dimensional artistic skills including best practices, terms, and techniques necessary for entry-level positions as an artist, studio assistant, gallery or museum guide, guard, cleaner, front desk, archivist and installer.

SPED 061N- Vocational Prep/Readiness

This course is designed to prepare students for competitive employment or volunteerism. Course will focus on activities to develop and identify vocational interests, job-readiness skills, abilities, and behaviors. Students will identify their personal vocational goals, and Student Educational Contracts will be developed.

SEMESTER 3:

SPED C073N- Stagecraft

This exciting course is designed for student creatives who want to develop professional stagecraft vocational skills including best practices, terms, and techniques necessary for entry-level positions as a stagehand, set and backdrop painter, prop maker, and curtain rigger.

SPED C009N- Applied Academics

Designed to assist students in acquiring basic academic skills or improving their present skills. Emphasis of the course will be on mathematics, reading, and writing skills and the functional application of those skills in everyday life situations. Students will identify their personal academic goals, and Student Educational Contracts will be developed for students based on their goals and ability level.

SEMESTER 4:

SPED C074N- Exhibition

This course is designed for student creatives who want to develop professional exhibition skills including best practices meeting ADA regulations, terms, and techniques necessary for entry-level positions in exhibition settings, including galleries and museums including painter, installer, storage, greeter, security, and tour guide.

SPED C001N- Employability Skills

Introductory course designed to develop basic employability skills required in vocational settings, focusing on gaining and maintaining employment. This course focuses on self-management, group dynamics, goal setting, resilience, and safety skills.
