

Dental Sterilization Apprenticeship

Looking for not just a job, but a career? Take a closer look at becoming a

Dental Sterilization Technician

If you are a Californian resident with a disability looking to get into the workforce, now is the time to start a rewarding career as an apprentice Dental Sterilization Technician.

The Ready, Willing and Able initiative is currently recruiting for high-quality positions as apprentice Dental Sterilization Technicians throughout Los Angeles and San Bernadino County.

Dental Sterilization Technicians prepare, sterilize monitor and maintain medical equipment. They are capable of performing routine laboratory capable tasks and operating and inspecting equipment.

Through combining paid employment with on-the-job training and formal technical instruction, as an apprentice Dental Sterilization Technician, you will:

- Earn while you learn - receive a competitive wage from day one
- Develop practical skills and build workplace experience
- Study a nationally recognized qualification and be qualified in 6 months!

Apprentice Dental Sterilization Technician positions typically have a six month duration, consisting of:

- Up-front, comprehensive practical orientation
- Paid on-the-job training in a Dental Clinic
- Technical instruction at West LA College
- Self-paced online training modules: develop your skills at a time and place of your choosing
- On-the-job training and workplace mentoring

Did you know that upon qualification Dental Sterilization Technicians enjoy an average starting salary of \$64,183*
