# Person-Driven Planning: Supporting Transition for Students with Disabilities

**Audience:** Educators, administrators, families, self-advocates, and service providers. These trainings focus on supporting students of all ability levels, including those with extensive support needs from middle school through post-secondary.

## Session 1

### Community Partnership and Collaboration to Support Person-Driven Planning (PDP)

#### Overview:

- Understand best practices of PDP to support implementation in various settings
- Watch a live demonstration of PDP
- Discuss the importance of community partnerships to the overall effectiveness of transition programming

#### When and Where:

- October 6th, 2023 (9am-3pm)
- Chapman University

## Session 2

### PDP Leading to Successful Post-Secondary Education and Career Pathways

#### Overview:

- Focus on middle school to post-secondary
- Discuss alternative pathways to a diploma
- Plan for post-secondary education and career pathways to support future career opportunities

#### When and Where:

- November 3rd, 2023 (8:30am-1pm)
- Virtual

## Session 3

### PDP to Promote Successful Work Based Learning (WBL) and Competitive Integrated Employment (CIE)

#### Overview:

- Understand WBL and CIE programming supported by PDP
- Explore business partnership resources
- Plan for post-secondary education and career pathways to support future career opportunities

#### When and Where:

- February 9th, 2024 (8:30am-1pm)
- Virtual

## Cost to Join

- Free for participants (travel stipends available)
- Free parking for in-person participants
